

Electric Table Top Pasta Cookers

Job Name: _____

Item No.: _____

CPE/B6 Table Top Electric Cooker

The B6 table top pasta cooker offers all of the same features as Desco's full size pasta cookers. Like the full size Desco cookers, the B6 incorporates a very effective starch skimming system that keeps the cooking water starch-free, thereby eliminating the need to periodically change the cooking water and ensuring a more consistent end product.

CPE/B3 Table Top Electric Cooker

The B3 table top cooker is a smaller, manual unit that requires no water or drain connections. The unit must be filled and drained manually.

Explanation of wires and electrical connections for both B6 and B3 table top models:

Wires: 2 + ground, 208-240 VAC

Units are **not** supplied with cord or cord cap (plug). Requires L1, L2, and ground. The installer must connect the unit in accordance with local electrical codes.

Technical Data	B6	B3
Width	25.6"	11.8"
Depth	23.6"	19.75"
Height	17.6" to top of back splash 11.5" to top of cooker	17.5" to top of back splash 11.5" to top of cooker

Model	Voltage	Phase	Wires	Amp Draw	KW	Water Connection	Water Pressure	Drain Connection
B6	208/240	1 Ph	2 + Ground	24-27	5 – 6.5 Kw	3/8"	30-70 psi	1"
B3	208/240	1 Ph	2 + Ground	12.5-14.5	3 Kw	NA	NA	NA
